Our goal is to introduce the technique of Transcendental Meditation and offset the cost of the course for as many people as possible. We believe this to be an invaluable tool with significant benefits to whomever practices it.

According to the Mayo Clinic,

*Transcendental Meditation is a simple, natural technique. This form of meditation allows your body to settle into a state of profound rest and relaxation and your mind to achieve a state of inner peace without needing to use concentration or effort.*

*A Note from the President*

Our scholarship fund which began in 2008 honors the memories of my father, Edward Yarock, and my stepfather, Dr. Edward Weiner. Both men were kind hearted and empathetic and inspirational to the people that came in contact with them and subscribed to the adage, "Give a man a fish and he eats for a day. Teach a man to fish and he eats for Life."

I would like to thank all my fellow committee members and all the contributors to this cause.

I look forward to your attendance at our scholarship events.

Sincerely,

David Yarock  
President

*In Loving Memory of...*
